To whom it may concern

The UNHCR Country Office in Spain wants to state that the NGO CEAR is a reference organization at national level in legal assistance, social and psychological support to asylum seekers and refugees in Spain. CEAR also undertakes activities and initiatives in the field of communication, awareness raising and training on refugee's issues.

The UNHCR Country Office in Spain has been cooperating and working with CEAR in different joint initiatives targeting refugees in Spain since its establishment in 1979. We consider that CEAR's expertise and strength as an organization specialized in refugee issues in Spain will be an asset in the framework of UNHCR's Global Consultation to be held in Geneva on June 2018.

Madrid, on March 14th, 2018.

Marta García

Head of Protection Unit

UNHCR Spain
